

LABOR VERSUS CAPITAL.

THE SITUATION AT THE MANCHESTER MILLS YESTERDAY.

Division of Opinion Among the Laborers—Some Will Return to Work, Others Will Keep up the Strike—Demonstrations of Bravado.

MANCHESTER, N. H., Feb. 25.—There was an immense gathering to view the scenes at the opening of the Amoskeag company's gates this morning, and those who anticipated riotous proceedings were not justified in their expectations. The city authorities were present in force to quell any disturbance that might arise, but no attempt was made to molest those who went to work. About one-fifth of the 1500 weavers responded to the bells while the other departments continued the usual number of employees. In the meantime 1200 strikers were parading in force and made an imposing demonstration. They were led by the city band and marshalled by John F. Woodbury. Banners bearing the following mottoes were prominently displayed: "Bread Brings Freedom, Freedom Brings Bread," "United We stand, divided we fall," "We fight for the enfranchisement of the white slaves," "One for all, and all for one," and a portrait of Washington, under which was "He fought for freedom, we fight for humanity."

The strikers were addressed by several of their leaders, and at 2 p. m. they met at Smyth's hall in large numbers, and again listened to addresses which showed a determination to hold out for higher wages to the last. Revelations of the day have confirmed the belief that the strike is of the most serious character, and there seems no speedy settlement of the differences. Agent Straw states that if he can retain the number of weavers at work to-day, he can run the mills.

MORMON DESERTION.

An United States Official Called to the Door and Assaulted.

SALT LAKE CITY, Utah, Feb. 22.—United States District Attorney Dickson was assaulted this evening at the Continental hotel by three men who called him to the outer door. Judge Powers and Major Erby, the proprietor, thinking there was something suspicious, followed Dickson and were just in time to arrest two of his assailants, who proved to be Frank J. Cannon, son of George Q. Cannon, and Angus Cannon. The third who escaped is unknown. A policeman afterward took Frank J. Cannon away contrary to Judge Powers' orders. United States Marshal Ireland took the other under his own charge. Dickson is not seriously hurt.

SUING A RAILROAD.

Heavy Damages Wanted by one of the Contractors.

MONTREAL, Feb. 22.—The case of Macrea against the Canadian Pacific Railway company for \$100,000, was commenced to-day. Macrea was one of the contractors of a trestle work north of Lake Superior, and claims that by his contract he was entitled to be paid not only for the permanent trestle, but also for all woodwork upon which these trestles were built, and which have since been removed. Many prominent engineers from the United States and Canada will be examined. Upwards of 200 witnesses have been summoned. If Macrea is successful, other contractors will take similar actions, aggregating over \$500,000.

Respect for Mr. Gough's Memory.

BOSTON, Feb. 22.—Hon. John B. Finch, right worthy grand templar of the Independent Order of Good Templars, has issued a card to the fraternity throughout the world, officially announcing the death of John B. Gough, and requesting that Sunday, April 11, be observed by memorial services in his honor, by temperance societies. He further requested that each lodge should drape its charter in mourning for thirty days from the above date.

Poisoning a Family.

CORUNNA, Mich., Feb. 22.—Saturday night an attempt was made to poison the family of Robert Berry, by putting Paris green in his well. Several of the family drank the water and were taken sick, being saved by prompt medical aid. Sheriff Cole found Paris green in the pump, and took leading to the house of Mrs. Charles Gage, a neighbor and an enemy. Mrs. Gage's daughter and her husband, Henry Shaler, were arrested and taken to jail. More arrests are expected to-day.

Striking Cooks.

PITTSBURGH, Pa., Feb. 22.—The Hungarians paraded through the northern portion of this region all night, threatening violence to all who returned to work. Police are on the guard and no serious trouble is apprehended. At the Morrill Hotel the men struck a blow against the company because the company refused to reduce the size of wagons.

National Law and Order League.

CINCINNATI, O., Feb. 22.—The National Law and Order League met to-night, Hon. C. C. Benney of Chicago, presiding. There was a fair attendance, among them being Arthur M. Burton, Andrew Paxton of Illinois, J. H. Perry of Connecticut, and C. W. Wyman of Vermont. Reports were heard from various localities of the aims and accomplishments of the various local leagues. The session will continue to-morrow.

China will not Always Stand It.

ST. LOUIS, Feb. 22.—Wong Chin Foo, the noted Chinese lawyer, now in St. Louis, claims to have a copy of a decree from the emperor of China, offering to pay the expenses of all Chinamen in America who wish to return home. This is supposed to be preliminary to retaliatory measures in the treatment of Americans by China.

Honoring Washington's Memory.

CITY OF MEXICO, Feb. 22.—The American colony celebrated Washington's birthday by laying a corner stone of the American hospital in the suburbs of this city. Gen. Jackson, United States minister, delivered an address and Joaquín Miller read a poem. Several hundred American residents and tourists were present.

Didn't Want to be Arrested.

MONTREAL, Feb. 22.—An American stranger believed to be ex-Sheriff Davidson of New York, a few days ago, consulted a firm of advocates here. He said he had some judgments outstanding against him and had several thousand dollars in United States bonds in his possession. After consultation he was informed that if the bonds were come by dishonestly he could be arrested, and left and has not since been seen.

NEWS FROM ENGLAND.

More of the Dilke Cases—Morley Stops Eviction.

LONDON, Feb. 22.—It is understood that the queen's proctor will intervene in the case of Sir Charles Dilke. The latter has intimated that he desires to submit all information in his possession to disprove the allegation of the divorce of Crawford is the result of a collusion.

It is stated that Morley, chief secretary for Ireland, has so instructed the police and military authorities as to render it virtually impossible to effect evictions.

Large bodies of Orangemen wearing regalia and displaying banners and headed by bands met Lord Randolph Churchill at the depot in Belfast yesterday and escorted him to Ulster hall, where addresses were presented to him. In replying he said he wished those contemplating the dissolution of the union were present. They would then perceive that Belfast would never submit to disunion. The town is excited. Extensive police precaution are taken to prevent rioting.

THE LONDON SOCIALISTS.

Brutality of the Police Criticized—Compared to Bashi-Bazouks.

LONDON, Feb. 22.—The Chronicle, this morning, editorially says: The manner in which the crowd was broken up yesterday strikes us as having been needlessly provocative, if not in some cases absolutely brutal. Squadrons of mounted constables charged the people with the ferocity of Bashi-Bazouks, and both in the park and along Grosvenor Place rode them down and buffeted them about in a fashion suggestive of a thirst for vengeance rather than of a desire to preserve order.

A Deficient Police Force.

LONDON, Feb. 22.—In the House of Commons Mr. Childers, home secretary, announced that the district committee advised a thorough and immediate overhauling and reorganization of the police department of London.

Minister Phelps's Reception.

LONDON, Feb. 22.—United States Minister Phelps gave a brilliant reception to-day in honor of Washington's birthday. Among the guests present were Viscount and Lady Wolsey, Earl and Countess Spencer, a number of resident and visiting Americans, and other notable persons.

A NEW CUSTOMS REGULATION.

Baggage to be Examined Across the Border and Placed in Sealed Cars.

MONTREAL, Feb. 22.—Superintendent Stephenson of the Grand Trunk recently applied to the United States treasury department to have the customs regulations which apply to passengers and baggage, now in force in the New England, extended to the Middle, Western and Southwestern States. The application has just been granted and on and after the first of March next all passengers destined for any point in the United States over the Grand Trunk via Island Point, Odgensburg, Suspension bridge, Buffalo, Port Huron, Detroit, etc., can have their baggage examined by a United States customs officer located at Montreal, Prescott, Toronto, London or Stratford, after which baggage will be placed in sealed cars and go through without further examination at the United States frontier.

FROM RUTLAND VILLAGE.

Two Livery Stables Burned—A Polo Victory.

RUTLAND, Feb. 22.—Fire broke out in George Richardson's livery stable in the centre of the village this evening, and the firemen fought two hours before getting it under control. Thirty sleighs and twenty carriages were burned with a quantity of hay. All the forty horses were cut loose and saved with difficulty, as were thirty horses in Mr. Quinn's livery stable adjoining Richardson's. Loss \$4000 and Quinn's \$1500. Insured. Four incendiary fires have been set in barns within a short time and it is believed that it is the work of the same person.

The Rutland Polo club defeated the Association team from Burlington at the Church street rink to-night, winning the second, fourth and fifth games in 57 minutes.

A cold is unlike most visitors: If you want to get rid of it, you must give it a warm reception with Dr. Hall's Cough Syrup, the standard cough remedy, and you will get rid of all druggists at twenty-five cents a bottle.

Dereliction in Postal Service.

MONTREAL, Feb. 22.—In connection with the recent loss of a mail bag between Montreal and Boston, an old postoffice employee stated to-day that English mails via New York, and half of the New York, Boston and other American mails actually left Montreal without a mail clerk, and it was only when the train crossed the border that the mail clerk took charge. Some of the bags are not locked. He had seen railway employees receive "tips" for opening bags and putting letters in.

Don't Smoke.

WINCHESTER, Ky., Feb. 22.—In a grocery store to-day while a clerk was weighing out gun powder, a by-stander struck a match to light his cigar, when the powder exploded, wrecking the building and injuring eight persons severely, and two fatally. The man, who struck the match escaped unhurt.

The West Rutland Quarry Accident.

After ten days' search the body of E. R. Capps was recovered from the scene of the quarry disaster at West Rutland early Friday morning. Joseph Monville, one of the workmen, while grappling near the spot where Capps was last seen alive, struck the body, which was easily brought to the surface. With the exception of a lacerated arm and a contusion near one ear, no other marks of a violent death appeared on the body. The face was composed and life-like, and the body not at all bloated, which went to prove that death occurred before he sank. The funeral occurred from St. Bridget's church at 10 o'clock Saturday morning.

Indecently Independent.

When the New York Times calls Senator Edmunds a demagogue, we begin to think a mad dog is loose in the Times, or at least that one should be. The Times are so sorry to observe, is getting to be indecently independent.—Albany Journal.
